

*Equipment solid
to the KOR*

- Increased Productivity
- Adjustable Head Pressure
- Rotating Head
- Dry Vacuum Port
- Water Tank
- No Cord & No Generators
- Centrifugal Clutch
- EPA & CARB Approved

The Classic Edger gives you a machine that will be the difference between being awarded a job and missing out due to unfinished edgework. The Classic Edger offers the ultimate in quick and efficient grinding, honing and polishing of the edges of any job, terrazzo or concrete, wet or dry. The adjustable three way head can grind to within 1/4" of walls and obstacles.

The STONEKOR propane system continues with The Classic Edger which is propane powered and requires no high voltage generator and no bulky, dangerous electrical cords.

The Classic Edger comes standard with a Tach O Meter that displays engine hours, engine RPM and service intervals. Leading the industry in concern for the environment and the safety of its operators, Stonekor brings a new standard on each machine. All Stonekor machines come with an Emissions Shut Down System and Kill Switch. Aluminum safety fuel cylinder with over fill prevention device (OPD) UL and DOT approved and Two Year limited warranty.

| Classic Edger | |
